From the President's Desk

It is gratifying to see the increasing numbers attending our monthly meetings and the interest shown by new and intending members in our organisation. The half year to date has certainly seen a lot of changes and my thanks must go to the hard working executive team that are driving our organisation forward.

Two big events this month have seen our hospital visitor program implemented under the auspices of our hospital visitor manager George and by the time you read this bulletin some six hospital visits will have been completed by our counsellors. The other major improvement has been our contact and acceptance with Cardiac Rehabilitation patients under the leadership of Gerry Cronin. To further improve this contact we are putting together two power point presentations to further improve our professional approach to cardiac patients and for the purposes of achieving grants or donations. Hopefully, our first presentation will be available in time for viewing by our members at our February meeting which will be presented by cardiac rehab co-ordinator Gerry.

Our fund raising under the leadership of Geoff Tyson has been a huge success and the funds raised will now allow us to consider some of the ideas that will help move our organisation forward.

The walks on Saturday morning with up to fourteen members and our Tuesday mornings with up to ten members walking for twenty minutes and doing Tai Chi after are very well attended and the fellowship is very pleasant and enjoyable.

But, not to be outdone is the tremendous effort, attention to detail, and absolute efficiency of our secretary Rhonda, who has achieved so much in improving our communication network with our members, and keeping us fully informed and up to date if we miss a meeting or want to know where we are all at. I know I speak for all members and executive in extending our appreciation and thanks for a job well done.

List of Guest Speakers for Future Meetings.

February 9th **Ken Clark from the Heart Foundation of Australia**, will be our speaker for the day, and the subjects are General Health, Nutrition and Exercise and Tick Programme.

A little bit about Ken: Ken Clark joined the volunteers at the Heart Foundation in 1995/96 as a trainer in the Heart Foundations CPR program and taught classes in Cairns and Townsville. In 1996 Ken took on a position with the Heart Foundation as an employee and was Regional Manager for the tropical north Queensland area working on fund raising, health education, jump rope for heart amongst others. On moving down to the Gold Coast in 2002 Ken took on a role as a speaker in the volunteer speakers program designed to educate the public on heart health and awareness. Ken is the Managing Director of Smart First Aid a registered training organisation teaching First Aid and CPR skills. Is the Deputy Director of surf lifesaving in the Point Danger area. A regular speaker for Rotary International and the Heart Foundation and he is looking forward to talking to members and guests at the Heart Support Australia – Gold Coast Branch.

- March 9th **Cardiac Rehab, Bundall**, have agreed to attend as our Guest Speaker/s.
- April 13th **Ms Linda G Fraser**, Acting Director of Nursing, Division of Medicine, Gold Coast Hospital will be talking on the subject of the importance of Heart Support Gold Coast as seen from a Nurse's prospective.
- May 11th **Mr Illya Selmes**, will be briefing us on the life of an Emergency Helicopter Paramedic, and their working life as portrayed in to-days times.
- June 8th **Professor Laurie Howes**, we are negotiating at present to have Prof. Howes as our Guest Speaker for June – you may be aware of the "Talk Back Session" he has on radio 4CRB – T.B.A. and confirmed.

Secretary Rhonda's REPORT: OHHHH! Gosh Boss, that was louverley, you say the nicest, nice things about me, and yes, we all do, each and every one of us put in a lot of time and effort, BUT, it is not without the LEADERSHIP of a GOOD CAPTAIN, you can't steer a boat without its rudder, nor, have no wind in the Jenny/sails to gets to one's destination, whereby the E.T.A is fast coming up – UNLESS, you do have the right person to think outside the square, and look forward to the future, in implementing and offering new ideas etc., and members within our support group who are willing to accept leadership. (He, the boss, promised me a night out on the town, for writing this) only joking!!!!!!!!!! But it is all TRUE, every word written.

Well Members & Friends, I have nothing much to report, only that everything is running smoothly on the Secretary's home front, and with my role in the Heart Support Australia group. I sincerely hope what I have been doing is up to scratch, and everyone is happy – if not, just say, I am open to constructive criticism, if it will help our support group to prosper and grow in the long term.

I do sincerely thank everyone for their support, and bearing with me, when I may have made a boo boo (must admit now, not too many, I hope, but thank you all, for persevering with me and your patience) now that's all off my chest, I trust you all had a Merry Christmas, lots of presents, and lots and lots of love and hugs, have a very good New Year, I wish you all every happiness, health, wealth (not that does any good if you are unwell, all the money in the world isn't going to buy you your health) down to the lighter side, really, take care, and be happy. Lotsa luv from me to you and yours, hope to see you all soon for a catch up session, maybe coffee and a chat. I wish you all, the **COMPLIMENTS OF THE SEASON TO YOU AND YOURS**

President Ron has been in touch with Red Cross – who have two services **TELECROSS** is a service offered by the Red Cross which provides a short reassuring daily phone call to people living in the community to ensure they are safe and well. This is purely for people alone, isolated and feeling they need social contact without recrimination. **TELECHAT** provides a social telephone call to people living in the community to provide support, friendship and a community connection.

Consensus is, let the professionals do their job, and we can refer people to them, if warranted.

HHSS MANAGER: George Siniska

Hi all, the HHSS first visit took place at Gold Coast Hospital on Tuesday the 7th December 2010. Ron Selmes and I did the first visit, which went well, and we spoke to two patients. The Nursing Staff were very helpful and encouraging. The second visit on Tuesday the 14th December was to be done by Colin Norris and Rhonda Morrison, but as Colin was suffering from a slight virus it was decided it would not be appropriate for him to be in an Intensive Care Ward in his condition. I did the visit with Rhonda and we both visited the one patient allocated to us. The patient appreciated our visit and thanked us for our time and information as this was his first experience of a heart attack which brings me to a discussion Rhonda and I had afterwards. We have to reassess with the hospital nurses on who we are to visit. They seem to have the impression we are there to visit first timers as we all well know a lot of us, me included, did not change our lifestyle until the second time around. Early days yet we just need to sharpen a few points and I hope by next year we will have mastered this great opportunity. I am not much of a typist, I will give you a more detailed report in person at the next monthly meeting (Wednesday Feb 9)

TILL THEN, I TRUST YOU HAD A MERRY CHRISTMAS, AND A VERY HAPPY NEW YEAR TO ALL. CHEERS, TO YOU AND YOUR FAMILIES DURING THIS FESTIVE SEASON. GEORGE

Counsellor Ron Brief: 7/12. First Patient was Julius, who was on the mend, and pleased to talk to George & myself. **Visit on the 21/12**, took me on a journey of seeing 6 patients, chatted to each and everyone, and all have requested copies of two issues of the Newsletters.

Counsellor Rhonda Brief: 14/12. My Patient to see was Brian, who was being prepped for surgery that afternoon, like everyone, he was apprehensive, but after talking to the HHSS Manager and myself I do believe he felt and even looked much better and a little more enlightened.

Counsellor Colin: Was unable to attend due to illness – and did not wish to infect any patients.

Counsellors Ron & Vernon: 28/12. Visited 5 Heart event patients, which were happy to receive information regarding Heart Support, and requested information to be forwarded to them.

We sincerely trust all patients are on the mend, and hopefully will see them at our meeting, in due course. Good Luck, good health and please take care, we do really want to see you up and about, and of course at our meetings or coffee chats or walks or Tai chi, we are just a phone call away, we are here, to support you and yours, without being intrusive, and we do acknowledge your privacy.

Director of Publicity: NO REPORT submitted: to date we do NOT have a Publicity Director.

GENERAL NEWS:

WE HAVE OUR VERY OWN WEBSITE which is: www.heartsupportgc.org please see attachment to the Newsletter **At last our very own web site. WOWIE!!!!!**

Our heartfelt appreciation and many thanks must go to the Persons responsible for producing our Website, the two young people (well, that is young to me anyway,) who were responsible for getting this off the ground are Deslea Selmes & Illya Selmes and their advisors, thanks guys, for using your much deserved holidays to help us out at Heart Support, we owe you one, although, this was always on the back burner, don't know when it was going to happen though?? (don't suppose you had much choice with DAD standing over you both with the baseball bat, and having his tuppence worth of input. (For elaboration, that is about the website, I mean, please see the attachment, thank you) and folks, Deslea and Illya, have joined our group, as associate members, welcome to you both, as well as, paid in advance our first year of Website Fees, HOWZ THAT!!!!!!!!!!!!!! Thanks again. With their time and effort along with their advisors, the monetary value is excess of \$5000, all for FREE to us, what a donation, this has helped our cause tremendously – Smooth sailing from here on in. (What an advantage to have clever kids, must have been Mum's side of the Family cause I know you didn't get your good looks from DAD, tenacity, foresight, delegating definitely a YES)

A very big THANK YOU to PACIFIC COMMERCIAL CATERING EQUIPMENT, at Molindinar, for their donation of the 5 holder place and made of Stainless Steel sausage sizzle sandwich tray, this was generously donated to Heart Support Australia – Gold Coast Branch, when Geoff, our fundraising man of the moment, went looking for such an implement to cater for his fundraising Sausage Sizzle days, and Mark Littman of Pacific Commercial Catering offered to make a prototype for him to try, unbeknown, to Geoff, Mark already had his mind made up, to take upon himself to do the job –to produce, make & donate this time saving device, which will be a boon to our Sausage Sizzle events. WHAT A TIME SAVER, & HYGENIC TOO ----- **THANK YOU SO MUCH, MARK AND PACIFIC COMMERCIAL CATERING EQUIPMENT, MUCHLY APPRECIATED BY ALL THE VOLUNTEERS.**

Not forgetting our hard at work fundraising man of moment, Geoff. Geoff, has been doing a tremendous job, in implementing various ways of making life easier at the Sausage Sizzles, one of his ideas was the implementing of the holder, which serves as a place for our customers to put their sausage sanger on and put various sauces on it, without juggling. (say, I have never seen so many people mix so many sauces together, must be tasty, because 9 out of 10 are doing it.) The Bain Maree, which is proving very useful, and all the little extras, (his Mum taught him well, or maybe it was Marjorie, his good wife, good girl, Marjorie.) And not to forget the scissors, hell, what a time saver, all you have to do now is to snip the sausages, and not wrestle with a darn knife, and all the sausage gizzards going everywhere (I wonder why everyone was getting out of my way when I was snipping, especially the fellas, I thought I was doing a great job, UNTIL, I was asked if I was a latent surgeon. Thanks very much guys) Our thanks goes to Geoff, you are certainly making the volunteers

life much easier. We even have a garbage bin now, didn't think I would be this thrilled over a rubbish holder. Well Geoff, when the time comes to hand over - how easy it will be for the new team. **It's fortunate you have a Ute Geoff to transport all the goodies to & fro:**

Again, not forgetting our President, who is really a softie, I found out, god love him. With his foresight into our group and his keen and passionate enthusiasm for the Heart Support Australia – especially his caring for others, Ron has been doing a great job in streamlining our office structure (I guess, you would call it office structure) and implementing new ideas (lucky I am pliable) and again, and I know I have said this before, when the time comes to hand over – for the new team, it is going to be a breeze, considering forms etc. , have been put into place and are now being used, and keeping our records up to date. It makes life a lot easier for me, but maybe not for some to adhere to the new structure. BUT, we all have to adapt to and conform at some time or another, these structures are put into place for a reason. To improve the efficiency of operating the Groups functions, as we start out on new and wonderful times ahead.

We have so many wonderful, caring & passionate people in our Group, and it is a privilege to know each and every one them

They say behind every successful man, there is a good woman, and I firmly believe that, in the case of our President, he certainly does have one, his lovely wife, Philomena, she is always there to give him support, encouragement and I guess guidance when he asks for it. I know she is there for me, as well, when I need someone to talk to and sound off, she is a good pacifier. (thanks Phil for Caring)

The Lucky Christmas Prize was won by our new Member Lois Gay, who was sitting on the chair with the gold star at the Back of it. **The prize was donated by Joanne our new Treasurer, thank you Jo.**

Lois was thrilled with her prize, and thanked Jo. Lois being a new member, expressed her admiration for what Heart Support represented, in the caring and supporting of each and every one of it's members.

CARING & SHARING: Ben is still not well enough to join our group, Ben you missed out on a beautiful Christmas Party – let's hope we can make it up to you and Olga. And we trust you are on the mend.

TAH CHI LAST CLASS WILL RESUME 7TH JANUARY, 2011

Our Saturday WALKS ARE STILL ON AND WILL BE EVERY SATURDAY MORNING AT 7.00 A.M.

This is a one off cost and will last forever, and eventually will be passed over to the incoming future committee 2011/2012 of Heart Support Australia –Gold Coast Branch –

Motion was passed & President Ron received his Cheque for \$111.00.

LAST, BUT NOT LEAST – A GRATIFYING THANKS GOES TO THE HOMESTYLE BAKERIES, who produce the Bread Homestyle Bake, WHO WILLINGLY SUPPLIES AND DONATES TO THE HEART SUPPORT AUSTRALIA – GOLD COAST BRANCH THE BREAD FOR OUR SAUSAGE SIZZLES – (they have even delivered the bread to our front door, how is that for generosity) WE REALLY DO APPRECIATE THIS KIND GESTURE, MANY THANKS FROM US TO YOUR TEAM AND THE COURTESY EXTENDED TO US EVERY TIME WE ASK and ARE IN NEED. Folks, it is really lovely bread, and don't forget charity begins at home – please support those who support us, and try HOMESTYLE BAKE bread. You'll love it.

Thought I would give you a break from my corny jokes (only over the silly season though) I am weakening, how about a couple – AHhh, go on 1 or 2 YESSSSSSSSSSSS!!!!!!! Here goes:

if women are so bloody perfect at multitasking, how come they can't have a headache and sex at the same time.

Paddy was in the delivery room when the midwife handed him a black baby "IS THIS YOURS" she asked. "PROBABLY" said Paddy, 'SHE BURNS EVERYTHING ELSE'

The Vicar booking into a hotel asks the receptionist, "Is the Porn Channel in my room disabled?" NO, she replies, 'IT'S JUST REGULAR PORN, YOU SICK B....st....D". (all of the above were compliments of Billy Connelly)

A SMILE IS A SIGN OF JOY, A HUG IS A SIGN OF LOVE, A LAUGH IS A SIGN OF HAPPINESS, and to have a friend like me ..? OH! POOP, THAT'S JUST A SIGN OF GOOD TASTE. (had to clean it up a little)

Did you know??? Each king in a deck of playing cards represents a great king from history:
